

McKee Door Sales Architect Academy

Issue # 6

December 4, 2012

Year End Architect Academy Retrospective

As we have done in recent months, we have provided each of you with an electronic Quarterly Newsletter featuring exciting news, new products, and code/compliance requirements. We have combined these important announcements into one year-end electronic mailing for your review/reference. We understand and have confidence in each of these products which offers a part of your formula for your projects' success.

In the links below you'll find:

- [Underwriters Laboratories UL 325 code compliance for all motor operators](#)
- [Cornell Iron Works TranZform Accordion Fire Doors](#)
- [Pentalift Solar Powered Dock Leveler](#)
- [Cornell Iron Works Extreme Performance 524 Series Door](#)
- [Conventional Fire Doors vs. Advanced Fire Door Systems](#)

Please feel free to contact me with any product specific questions. Be sure to visit the [McKee Architect Advantage website page](#) for the latest updates and support material.

Happy Holidays!

Matt Girard
Vice President of Commercial Products
